

The Paducah Evening Sun.

VOL. XXV NO. 108.

PADUCAH, KY., THURSDAY EVENING, MAY 6, 1909

TEN CENTS PER WEEK

TARVIA WILL BE TESTED ON TENTH ST. BOULEVARD

Crushed Rock Foundation Will be Used For Block Now Prepared.

Permit Issued For River Front Park Work.

FLOWER BEDS AT RIVERSIDE.

Tarvia will be tested on the block of the Tenth street boulevard, prepared between Broadway and Kentucky avenue. The blutitile company has put a reasonable price on the crushed rock left over from the Broadway and Jefferson street work, and this will be used for a foundation. A representative of the company making tarvia is in the city.

River Front Park.

All the necessary papers, giving the city authority to construct a park on the unused property of the Illinois central railroad between First street and the levee and Broadway and Kentucky avenue, are signed, and today Local Agent J. T. Donovan notified the owners of material stored on the property to remove it at once. He then notified the city that the park board can proceed at once to improve the place. This will be done without delay and the street department will assist. Leveling the place, sodding terrace and planting grass seed and trees will be the first work.

At Riverside.

The Ladies' Hospital league notified the city that about 10 loads of rich dirt are required on the Riverside hospital grounds for flower beds, and the street department will provide the dirt at once. The ladies are ready to put in the flower beds as soon as the dirt is there. Riverside grounds will be made beautiful this summer, according to the plans of the league, which has been working untiringly but to a purpose.

Effect of Patten's Presence.

Chicago, May 6.—Despite a statement issued from Patten's office this morning, denying the story of his return, brokers generally accepted the story, and several claimed to have seen him. The effect of Patten's presence is readily discernable today as it was yesterday, when the sudden activity of his house drove the price of May wheat to 1.29 1/2.

Patten unloaded a large quantity of July wheat, but despite this fact the price did not break, except fractionally. For a short time the price was under 1.17, but Patten immediately began to buy July in immense quantities sending the prices up again.

LOVE "INMATE"

Liberty, Mo., May 6.—J. K. Parsons, representing the state board that looks after the welfare of prisoners, called at the jail here to see if he could find prison abuses to remedy. He found that the only prisoner was a man who had locked his own cell, had taken the key with him and had gone to visit his sweetheart.

Mr. Parsons left town at once.

CASTRO ADVISED TO GO TO THE CANARY ISLANDS.

San Sebastian, Spain, May 6.—Ex-President Castro, of Venezuela, said today that his physicians advised him to go to the Canary Islands. He expressed hope that the Spanish government would raise no objection to his residence as he was desirous of living henceforth away from political agitation.

ECUADOR IS CASTRO'S GOAL.

Says He Will Enter Venezuela "Even by Force."

San Sebastian, Spain, May 6.—Cipriano Castro, the deposed president of Venezuela, who arrived here from Paris, declared he would shortly leave Spain for Ecuador, where he would await events which would permit him to return to Venezuela, "even by force."

General Castro will remain here two days and then will go to Santander, where he will meet his wife, who is coming from the West Indies.

Chicago Market.

All Bonds Are Sold for Paducah to Mayfield Electric Railroad and the Work Will be Started This Summer

Project Financed by Eastern Capitalists and Only Preliminary Preparations Will Delay Work of Construction

Promoters hope to begin construction work on the Paducah and Mayfield interurban railroad in the next two or three months. The contract for the construction has not been let, but as all the financial arrangements have been completed it is practically certain that the road will be in operation within the next eight months. Nothing has loomed up to prevent the railroad being built. The promoters have been at work quietly for many months, and are confident that the road will be constructed, although they are not talking much.

When the contract for the road is let, it is intended to rush it to completion. Work will begin at both the Paducah and Mayfield terminals, while a third construction gang will begin work in the middle of the line. Engineers estimate that the road should be completed in eight months, allowing liberal time for delays occasioned by inclement weather.

Mr. J. F. Harth returned last week from a trip in the east and all the bonds have been purchased and nothing remains as a stumbling block, so far as the finances are concerned to prevent the road from being built.

Three routes have been surveyed by the engineers, but the officials have never selected definitely the route. The entire right-of-way on each route has been secured, and the promoters will choose the road which will benefit the most people.

Indorse Cairo Line.

Retail merchants indorsed the Cairo Interurban last night and appointed H. C. Rhoads and P. E. Stutz to co-operate with the committee in securing the subscriptions. Mr. E. C. Talmadge, of the trust company which is behind the interurban, failed to arrive owing to illness, but he will be in Paducah Friday night and will confer with the citizens in regard to the interurban railroad. An indefinite extension of time has been granted in order to raise the subscription and the representative of the company will come to meet the citizens and find if the road is wanted.

Tonight Mr. J. J. Frounfish and Eugene Graves will meet with the Central Labor union and will place the proposition before the committee and ask an indorsement.

FISCAL COURT WILL NOT INCREASE ASSESSMENT.

Although the state has increased the assessment of McCracken county four per cent for state purposes, it is understood that the fiscal court by resolution will not increase the assessment for county purposes.

Last Mass By Father Jansen This Morning

The Reverend Father H. W. Jansen held his last mass this morning at the St. Francis de Sales as his priest, at the altar where for over 26 years he has stood every morning. The mass was attended by all the devoted congregation, who could no longer be present.

After mass the ladies of the congregation of St. Francis de Sales waited on Father Jansen at the priest's home adjoining the church to bid him good-bye and several offerings were presented to him.

The Catholic Knights and Ladies of America gave an offering of money and a copy of resolutions that had been beautifully written by Miss Loretta Greif. These were presented by Mrs. John McCreery, the secretary of the order.

The ladies' auxiliary of the Knights of Columbus in addition to a money offering presented a photograph of Father Jansen framed together with an original poem, touchingly expressing their sorrow. Mrs. William Lydon, Sr., the president of the auxiliary, made the presentation.

It was a touching scene, for many present had known no other priest. Father Jansen had ministered to them in all their joys and sorrows. Father Jansen left for his new home in Louisville today at noon and was escorted to the train by a delegation of the Knights of Columbus. His successor, the Rev. Father Connolly, of Louisville, will arrive tomorrow to take charge of St. Francis de Sales.

Left Collar Bone Broken. Master Nolan Phillely, the 7-year-old son of Mr. and Mrs. D. M. Phillely, 528 South Fourth street, fell from a chair Thursday night and fractured his left collar bone. It was not known that the bone was fractured until today when a physician was called and examined it. The boy did not suffer until last night, but he is resting easy today.

FAIR

Fair and colder tonight and Friday probably preceded by thunder showers this afternoon or early Friday. Highest temperature yesterday, 87; lowest today, 65.

BRITISH JEALOUSY.

London, May 6.—It is stated on the highest semi-official authority that the British government not only has not made, but does not intend to make a move to purchase rights to the Wright aeroplane patents in Great Britain. National jealousy is back of the plan to keep the American inventors' ship out of the country.

WILLIE WHITLA'S KIDNAPER FOUND GUILTY BY JURY

Mercer, Pa., May 6.—Boyle was found guilty this afternoon of kidnapping Willie Whitla. The jury was out 45 minutes. The possible penalty is from a year to life imprisonment. While Boyle was still in the court room Mrs. Boyle was brought in. The work of selecting the jury in her case was begun.

BODIES WILL REPOSE IN MAUSOLEUM AT OAK GROVE

The bodies of Mrs. Sue Oury Boaz, Sue Oury Greif and Harry Russell Greif were removed from the cemetery at Fulton today to the mausoleum of A. J. Greif at Oak Grove cemetery. Mrs. Boaz is the mother of Mrs. A. J. Greif, and Sue Oury Greif and Harry Russell Greif are infant children of A. J. Greif. Mr. Fred Roth had charge of the bodies and placed them in the mausoleum this afternoon.

J. P. Locker.

The body of Mr. J. P. Locker, 82 years old, formerly of Bryantburg, was brought through Paducah yesterday afternoon from Kansas City, where he has resided for several years. For many years Mr. Locker was a prominent citizen of Bryantburg, but removed west for his health. The body was taken to his old home last night, and the funeral and burial took place today. The body was accompanied by his daughter, Mrs. Charles Bryne, and Miss Maggie Locker. Mrs. Wes Bryant was a sister. Mrs. Joseph Flowers, 815 Monroe street, accompanied the family to Bryantburg.

Illinois Deadlock

Springfield, May 6.—Eighty-second senatorial ballot: Hopkins, 72. The deadlock is unchanged.

JAP QUESTION AS IT AFFECTS OUR WESTERN STATES

Discussed by Theodore Roosevelt in Current Magazine.

Opposes Immigration on Racial Grounds.

SHOULD BE LEFT TO NATION.

(United Press.)

New York, May 6.—In the current number of The Outlook, out today, Theodore Roosevelt discusses the Japanese situation as it affects the western states. His editorial in part follows:

"There are certain elementary principles all of which should be kept in view if a nation wishes to act justly both by itself and others. It must insist upon what is necessary for its own healthy life and this even at the cost of a possible clash; but this insistence upon what is due to itself should always be accompanied by all possible courtesy to and fair dealing with others.

"These are the old principles upon which the people of the United States should act as regards the question of immigration of Japanese to this country. The Japanese are a highly civilized people of extraordinary military, artistic and industrial development; they are proud, warlike and sensitive. I believe that other people have what I personally certainly have, a profound and hearty admiration for them. But this admiration and respect is accompanied by the firm conviction that it is not for the advantage of either people that emigrants from either country should

(Continued on page 6.)

Soldier in Bad

Port Townsend, Wash., May 6.—Former Adjutant General Otis Hamilton, of Seattle, accused of the embezzlement of funds of the Washington state militia was arrested today, pending raising \$10,000 bond by his attorneys. He refused to discuss Mrs. Hazel Moore, of Seattle, on whom he is alleged to have squandered the money.

To Identify Mrs. Boyle

Mercer, Pa., May 6.—Attorneys for the commonwealth promise surprises when Mrs. Helen Boyle's trial starts, which will begin as soon as Boyle's case goes to the jury. Harry Steke, the Bertillon man of the Kansas City police, and Frank Horner, a St. Louis officer, are here for the trial. Others are coming.

The trial of James Boyle, charged with kidnapping Billy Whitla, began today. Billy was the first witness. He told in a straight forward manner his story of the trip to Cleveland and his imprisonment.

When court opened this afternoon Attorney Anderson, for Boyle, announced that Boyle would rest his case without putting in any defense.

CRIMINAL COURT TERM CONCLUDES SESSIONS TODAY

Criminal term of the circuit court adjourned finally this morning. In completing the term Judge Reed has made a record, as the criminal cases have been disposed of in short order. Although some of the most important and lengthy cases were continued until the September term, nineteen prisoners have been sentenced to the penitentiary this term. Most of the cases before the court were felonies, and it has been many years since there were so few misdemeanors. Only a few fines were collected by the state.

Commonwealth's Attorney John G. Lovett will leave this afternoon for his home in Benton.

The civil term of circuit court will begin May 17, and business will pick up again at the court house, as some important cases are on the docket for trial.

A short session of court was held this morning. Archie Ward was given one year in the penitentiary on the charge of malicious cutting. The case of Lillian Russell, colored, charged with false swearing, was set for the seventh day of the civil term.

Former County Court Clerk Hiram Smedley Put in Jail This Morning When Fails to Make Reduced Bond

Rode to County Prison in Carriage With Sheriff and Left Horse in Front—Still Hopes For Release Today.

Every effort to make bail having failed, Hiram Smedley, former county clerk, who was indicted by the grand jury for forgery, embezzlement and false pretense, went to jail this morning. He remained in the corridor like the remainder of the prisoners from 7:30 o'clock until 9:30 o'clock, when he was escorted to circuit court and presented before Judge Reed. It was agreed that if a bond of \$5,000 could be made he would be released. Renewed efforts are being made to give the bond.

Ten indictments of the batch returned yesterday were served on him, making the total bond \$2,500, while the bond of the first indictment was reduced from \$750 to \$500, making the total bond \$3,000.

Sheriff Ogilvie announced yesterday afternoon that he would be taken to jail at 5 o'clock unless the bond was made, but learning of a possible chance to make bond this morning the sheriff left him under guard last night. This morning the effort to give bond failed and at 7:30 o'clock Sheriff Ogilvie and Mr. Smedley drove to the county jail in Mr. Smedley's carriage.

Sheriff Ogilvie turned Mr. Smedley over to Deputy Jailer Purchase, who placed him in the corridor a minute later, and he was accorded the same treatment as is given the other white prisoners. Mr. Smedley took the situation calmly, and did not object to being locked up, although he inquired if he could remain in the office.

Mr. Smedley left his carriage in front of the jail several hours, as he still had hopes of making the bond. On his return from court he was locked up again, but was taken out later for a conference with relatives. Should the bond not be made, it is stated by the officials that he will be placed in a cell tonight exactly as are other prisoners.

Cross Nominated

Police Judge Cross was renominated at the Democratic city primary today.

Light Vote in Primary

Light voting was the rule today in the Democratic primary to select a nominee for police judge and fill vacancies in the general council and the school board. Probably the lightest vote in years will be polled, as the interest in the primary was never lively.

Reports from all the polls are that a light vote is being polled, and the prospects are that the nominees will be known before 6 o'clock owing to the few votes. At the north side of the court house, which has 200 registered voters, only 13 had voted at a late hour in the morning. The officials state that no hope was held of the votes going over 75. Other precincts reported along similar lines.

Drown in Mississippi

Memphis, May 6.—Will Eberhart, a prominent Arkansas politician, his sister-in-law, Mrs. B. F. Cibles, and daughter, Virginia, 12 years old, were drowned in the Mississippi river opposite Pecan Point today when their launch capsized.

May 19 D. A. R. Day

Mrs. E. G. Boone, regent of the local chapter, D. A. R., received a telegram today from Mr. Taylor, the government supervising architect at Washington, stating that the license to use the government ground at Paducah for placing the fountain had not been issued until May 4, and would reach here this afternoon. The ground can not be broken before tomorrow then, and the chapter has decided to postpone the dedication ceremonies until May 19, a week longer, to meet the delay in beginning. There is always more or less red tape in meeting government requirements.

BISHOP H. C. MORRISON

WILL PREACH ON SUNDAY. Bishop H. C. Morrison, of the M. E. church, south, will arrive Saturday night from Leesburg, Fla., on a visit to his brother, Mr. C. W. Morrison, 1101 North Twelfth street. Bishop Morrison is well known in the city, and will remain in Paducah several days. He will fill the pulpit at the Fountain Avenue Methodist church Sunday morning.

CUMMINS OF IOWA SAYS PAYNE BILL NO FULFILLMENT

Declares Advocates of Revision Neither Satisfied Nor Silenced.

Aldrich Defends Measure Prepared in Senate.

TARIFF CONFERENCE LIKELY.

Washington, May 6.—Searing arrangement of the Aldrich tariff bill was delivered in the senate today by Cummins, of Iowa. "The bill of the senate finance committee will not be accepted by those who favored revision of the tariff," he said, "as either a fulfillment of the party pledge or as a settlement of the controversy. The demand for a revision came from those who believed we were paying too much for what we had to buy."

"It was under a demand of the people who buy that the party in its organized capacity promised revision of the tariff and the senator who imagines he can satisfy these people by saying the revision with higher or substantially the same duties is in compliance with the platform. Little understands the relation between the people and the platforms," said Cummins. "There will come a time when clamor of millions, who want relief, will sound like the roar of a thousand Niagara."

Congressman Murphy today arose to the question of personal privilege and roundly denounced Attorney Frank Hagerman and Judges Phillips and McPherson and contradicted Hagerman's statement. Congressman Rucker said: "If I had my way these judges would have been impeached 20 years ago." The house took no action on the resolution. Murphy did not call it up for action.

"If the Missouri legislature should pass another rate law under the present rulings, state officials would be compelled to go in to the federal court at Kansas City to ask permission to put it into effect," he said, and declared the resolution had not been introduced for personal or political reasons, but for the good of Missouri.

To Amend Hepburn Law.

Washington, May 6.—An amendment to remedy the defect in the commodities clause of the Hepburn rate law, disclosed in the decision of the supreme court of the United States, was introduced in the senate today by Senator Bailey. The amendment would prevent the holding of stock in coal companies by railroads.

Conference Will Frame Tariff.

Washington, May 6.—The possibilities of the passage of the tariff bill and the adjournment of the special session of congress before June 15 or July 1 seem to have vanished. This conclusion has been reached by the president as a result of the recent talks with the senators and representatives, and he made it known.

Among those who have followed the trend of the important legislation on the tariff, there is a belief that a real tariff revision bill remains to be framed in conference. Whatever influence Taft feels he can bring to bear in securing a satisfactory measure will be exerted upon the conference. The president is averse to being drawn into the fight at any stage, and there is no thought that he will be, until the conference begins their consideration of the two bills as passed by the house and senate.

In view of the conflicting reports as to the president's attitude on the various special taxation propositions suggested in connection with the new bill, the president has reiterated his position to recent callers. He is still hopeful that the revenue to be derived from the new bill with economies in administration of the government, will prove sufficient to prevent a deficit. If it should be shown, however, that the government finances

(Continued on Page Four.)

Wright's Pupil Hurt

Rome, May 6.—Lieutenant Calderara, one of Wilbur Wright's aeroplane pupils, was dangerously injured when Wright's machine, in which he was making a flight, fell 100 feet. Both shoulders were dislocated. Calderara was considered by Wright one of the most apt pupils and able to sail the machine unaided after only three trips.

This afternoon it is said Calderara will probably recover. He says he thinks the accident was not due to any fault of the machine. He thinks the accident was due to releasing his grip on the lever when seized with a violent attack of vertigo.

THE LIMIT.

Boston, May 6.—By a measure absolutely new in criminal history, Chester S. Jordan, convicted of the premeditated murder of his wife Honor, may escape the chair. Evidence of insanity may be drawn from his spine by what is known as lumbar puncture. Physicians say if the germs are discernible in the spinal fluid when under microscope he probably will escape electrocution.

Brookport Inauguration

Brookport, Ill., May 6. (Special.)—Mayor J. W. Black was inaugurated last night with the following other officers: Aldermen—J. J. Farmer, P. S. Walters, Gus Porst and J. R. Uterback; clerk, W. H. Holtenfield; treasurer, D. G. Massie; police magistrate, J. B. Lytton; attorney, J. L. Lackman; marshal, J. B. Lynn.

Abdul's Money

Vienna, May 6.—Diplomatic circles here declare if the banks of England and France surrender money in value put there by Abdul Hamid, even upon orders signed by him forced from him by Young Turks, the precedent will be established that not only will be far-reaching but will add to the danger of revolution in several countries, notably in Russia.

Association Meet

Guthrie, Ky., May 6. (Special.)—At a special meeting of the Planters' Protective association here a committee was named to meet with a committee from the Henderson Stemming district to consider transferring Hopkins, Lyon, Livingston and Caldwell from the Dark District association to the Henderson association. A conference will be held soon. Ava Miller, of Marshall, and J. T. Daughaday, of Graves, are on the committee.

Hains Trial.

Flushing, L. I., May 6.—That Captain Hains was suffering from impulsive mania when he killed Anna is the claim of the defense, made clear by the examination of Dr. Samuel Mason, who resumed the stand under cross-examination today.

Dr. Manson was under cross-examination for more than an hour today, but stuck steadily to his characterization of Hains as an insane man. Dr. Brush answered the hypothetical question, saying the captain was suffering from an impulsive act of depressive insanity at the time of the killing.

Cline McNutt Improving.

Little Cypress, Ky., May 6. (Special.)—Clyde McNutt, the lad who was injured by a wire stretcher hitting him on the head, has regained consciousness, and today his condition is favorable for recovery.

Decorate for Unveiling

The decorating committee for the U. D. C. unveiling ceremonies urgently requests that citizens will decorate both business houses and private residences for May 15. The bunting in the Confederate colors can be found at Rudy & Sons, E. Guthrie's and the Racket Store, and D. E. Wilson has the Confederate flags. The committee states this so that everyone may know where they can be secured without trouble or delay.

BROTHERS-IN-LAW SHOOT EACH OTHER DEAD IN GRAVES

Mayfield, Ky., May 6. (Special.)—During a family quarrel May Hynum and Willard Wiley, brothers-in-law, killed each other at Buena Vista, this county, last night. Wiley married Bynum's sister. He went to Bynum's house about 9 o'clock and called him out, and the shooting began. Bynum died at 6:30 this morning and Wiley at 1 o'clock. Both were married. Bynum was 30 and Wiley 24. The coroner went down today. It was the result of an old feud. Two tragedies were enacted near Bynum home last year. Wiley was to have been tried at this term of court on charges of shooting.

VICTOR HERBERTS AND
GLEN MACDONOUGH'S

IN

PHENOMENAL MUSICAL
EXTRAVAGANZA SUCCESS.

TOYLAND

LIVESTOCK.

Louisville, Ky., May 6.—Cattle—The receipts were very light, 65 head, for the three days this week 1,268. The market ruled firm on all desirable kinds of butcher cattle, prices fully as good as Monday to a shade better. Medium and inferior kinds steady. The feeder and stocker trade continues quiet without any change in prices. Bulls steady, canners and cutters steady. Milch cows unchanged. No heavy cattle on sale, feeling just about steady. The pens were well cleared. We quote shipping steers, \$4.75@6.00; beef steers, \$3.50@5.50; fat heifers, \$3.50@5.50; fat cows, \$3.00@5.25; cutters, \$2.00@3.00; canners, \$1.00@2.00; bulls, \$2.25@4.50; choice milch cows, \$35@45; common to fair, \$15@25.

Calves—Receipts 149, for three days 397. The market ruled firm. Bulk of the best 6 1/4 @ 6 3/4; medium 4 @ 5c; common, 2 1/2 @ 4c.

Hogs—Receipts 2,611, for three days 6,409. The market ruled firm and 10c higher, selected heavy and medium hogs, 160 lbs. and up, selling at \$7.45; light shippers, 130 to 160 lbs., \$6.90. Pigs ranged from \$5.60@6.10; roughs, \$6.35 down. All hogs from doubtful sections, in fact, anything not known to be strictly corn fed, is sold under guarantee, with 1 1/2c per lb. discount on all killing soft or oily.

Sheep and Lambs—Receipts 256, for three days 698. The market ruled about steady, best fat sheep 5c down. Fall lambs 6 1/2c down, springers mostly 6 @ 8 1/2c. Demand con-

tinues light, as the weather is unfavorable, and common stock very hard to sell.

St. Louis, May 6.—Cattle—Receipts 3,500, including 1,500 Texans; steady; native beef steers, \$4.25@7.00; stockers and feeders, \$4.50@5.25; cows and heifers, \$3.50@6.40; calves, \$4.50@6.75; Texas and Indian steers, \$4.25@6.65; cows and heifers, \$2.75@5.25. Hogs—Receipts 9,500; 5c lower; pigs and lights, \$4.50@7.20; packers, \$7.00@7.30; butchers and best heavy, \$7.10@7.40. Sheep—Receipts 1,500; market 10c to 15c higher; native muttons, \$4.50@6.50; lambs, \$6.00@8.75.

MUSKOKA THE BEAUTIFUL

Do you know the place? If not, your pleasure has suffered. Take a free trip, a mental little journey through Muskoka by asking for that handsome Muskoka Folder issued by the Grand Trunk Railway System. It contains a large map, lots of views, and a fund of facts. Take the journey some evening after supper with your wife and children. Then slam the door on the doctor for 1909 by taking your family on a real journey through the Muskoka District this summer. Less than a day's journey from principal American cities. For all particulars and handsome illustrated publication, free apply to G. W. ALEX. 917 Merchants Loan & Trust Bldg., Chicago, Ill.

"Johnny," said Mrs. Lapsing, putting on her wraps. "I've been in the house all day and I need the fresh air. If you'll mind baby a little while I'll go and take a preambule around the block."—Chicago Tribune.

MAY DAY FESTIVAL

At
WALLACE PARK

Friday Afternoon, May 7th
From 2 to 5 o'clock

Given By the Junior League
of the Broadway Methodist Church

One hundred and fifty children are to participate in the crowning of the beautiful little May Queen, Miss Vivian Owen.

Refreshments will be sold by the Juniors and no admission will be charged, and every Sunday-school child and all of their friends are invited.

RHEUMATISM CURED.

To anyone suffering with rheumatism I will say I was confined in bed and unable to walk, even with sticks, for six weeks. My family physician said I was bound to grow worse as I grew older. I took a bottle of Lina's Specific. One bottle cured me sound and well. I have gained ten pounds in weight and can eat any kind of food without pain.

News of Theatres

"Babes in Toyland."

Time after time "Babes in Toyland" has come to us, but never was the beautiful music more welcome and more worth while than it was Sunday night, when the play opened at the Garrick theater, says a St. Louis paper. The music is, as it has always been, the hit of the production and the company has been well chosen. Ignacio Martinetti, who has the role of Alan, leads the clever aggregation and pleases immensely.

A magnetic little girl, whose smile is her captivating trait, is Miss Gene Ormond, who is in many ways the star of the production. Her songs are the proudest and her stage presence beggars description. She caught the big Sunday night crowd from the start and held them all evening, just as she will do the rest of the week—and those who fail to see "Babes in Toyland" will be losers beyond the telling of it. Miss Ormond's song hits are the old and popular "I Can't Do That Sam," a song that will run down the ages with the old favorites in every class, and the "Nursery Days" duet with time Pixley, a worthy comedian, by the way.

The familiar play is being produced by a company that is of no ordinary caliber. Beth Tate, who has the part of Contrary Mary, does justice to her part and sings her songs well. Gus Pixley is a hit every time he comes on the stage. The prima donna of the company is Helen Melrod, who has been on the sick list for several days, and whose work was therefore not what it might have been. It was hard for her to work Sunday night, and she showed it in her voice and manner.

Two members of the company who attracted attention Sunday night, as they have everywhere the play has been produced, were Violet Clifford,

who has the part of Little Red Riding Hood, and Virgie Burrows, whose part is that of Hilda. They are easily the prettiest girls in the company, and work hard in the roles assigned to them.

The play is one that it will be well worth playgoers' time to witness, even though they may have seen it before.

Your Hair is Worth It

Afraid to use hair preparations? Don't know exactly what to do? Then why not consult your doctor? Isn't your hair worth it? Ask him if he endorses Ayer's Hair Vigor for falling hair, dandruff, a hair tonic and dressing. Have confidence in his advice. Follow it. He knows.

Presence of Mind at Fire.

The benefit of presence of mind on the outbreak of a fire was signally illustrated recently at the burning of the Capeland hotel, in Topeka, Kan. Among the guests was State Senator J. W. Stewart. He remained perfectly cool in the panic which seized the inmates from the stairways, he aided several of his friends, including two editors and a woman, to escape. Mr. Stewart flung a mattress from his window upon the roof of two-story building adjoining, let several per-

sons down by their hands as far as possible, then dropped them on the mattress. When he had saved a number in this way, he flung out another mattress and jumped on it himself.—Leslie's Weekly.

"But," asked the first co-ed, "Why did you elect to take up the study of German instead of French?"

"Oh," replied the other, "the German professor was so awfully handsome, you know."—Catholic Standard and Times.

N. F. ROBERTS,
Clerk.

Tax Dodging is Common Practice In All the Counties of Kentucky

That the large burden of taxation is borne by the citizens of small means, while the rich escape by evasion and by covering their property in various ways is brought out by the facts reported to the state board of equalization through the tax books sent to the auditor upon which the annual levy for collection is laid, says the Kentucky State Journal.

That the average citizen of small means who owns his farm or home and the land owner, and the owner of realty bear the great public burden, while the rich are able to convert their property into stocks, bonds, diamonds or have money on deposit in banks largely escape, or escape with a nominal tax, are facts developed by rigid and careful investigation.

That there is not 20 per cent of this class of property given in to the assessor by the rich while 90 per cent of the property of those of small means and large families is taxed is easily proven by the record.

Few Comparative Statements.

The statement of deposits in national and state banks and trust companies as shown by the reports on file in the offices of the secretary of state and auditor of public accounts and also the amount of cash in banks subject to check as shown by the assessors' books for 1909 for the three largest counties is as follows:

Jefferson, in which is situated the metropolis, the city of Louisville:

Cash on deposit as shown by statement of banks \$46,126,120.55

Cash on deposit as shown by assessor's books 1,755,245.00

Kenton, the next important county in which is situated the city of Covington:

Banks' statement of deposits \$4,837,360.95

On deposit as shown by assessor's books 2,826.00

Payette county, in which is situated one of the richest communities in the country, in which live many millionaires, and Lexington, the capital of the Bluegrass, with its boasted resources:

Banks' statement of deposits (exclusive of the Phoenix National Bank) \$4,155,654.00

Deposits as shown by the assessors' books. 252,409.00

These figures could be carried on to the other 116 of the 119 counties of the state and would be borne out in about the same ratio.

Small Bank Deposits.
The total amount of deposits in banks reported to assessors of the state last year was \$14,359,657, while the reports to the secretary of state's office show that there was deposited in the city of Louisville of over forty-six million dollars, while in Louisville, Lexington and Covington there was shown by the banks' statements to have been over \$55,000,000.

The total value of diamonds reported to the assessors last year was \$204,437 upon which taxes were paid there being only 1,712 stones reported in the whole state.

This year the value of diamonds reported from the county of Jefferson is \$39,150. In Campbell county, in which is the rich city of Newport, there is reported \$210 in diamonds.

Daviess county, in which is situated the city of Owensboro, only \$12,750 in value of diamonds. Fayette county reports \$22,535 in value of diamonds; Kenton, including Covington, reports \$6,750 of value in diamonds. The following counties last year do not report a diamond in the county in the assessor's list: Casey, Cumberland, Jackson, Letcher, Metcalfe, Owsley, Perry and Robertson.

No Place to Loaf.
Springfield, O., May 6.—"I have no place to loaf since the county went dry," whispered William E. Thompson, 50 years old, when found on the street this morning after attempting suicide by cutting his throat. He will recover.

Well—What excuse did Mr. Goodleigh offer for kissing you?
Belle—He said he was merely obeying the Golden Rule—to do unto others as he would have others to do unto him.—Philadelphia Record.

PARK OPENING

HAND CONCERTS COMMENCE ON SUNDAY, MAY 10.

Season Formally Inaugurated Monday, May 17—Program Not Yet Announced.

The Wallace park management is promising the definite and official announcement of the park opening before this week is out. The date of opening is May 17, the regular daily band concerts beginning on Sunday, the 16th, and contract has been made with E. W. Weaver, of St. Louis, for opening attractions that will undoubtedly make the opening week a big success.

Work on the new band stand and refreshment booth has been started, the band stand this season to be located on the hill to the south of the house and the refreshment stand in close proximity. Refreshment privileges in the park will be handled by Mr. Guy Barnett, and Mr. Louis Vivian will have charge of the stand at the Casino. The lake and accessories will be under the management of Messrs. Nicholson & Grinnell, experienced people in aquatic enterprises, and they promise a fine service and many pleasing innovations. Quite a number of amusement devices are to be installed, and, together with the nightly band concerts and attractions at the Casino, the park should prove an attractive resort to the people during the warm season.

Louisville Tobacco Market.
The People's warehouse sold 12 hogheads of dark at \$3.50 to \$9.80. The Ninth street warehouse sold 4 hogheads of dark at \$3.60 to \$6.40. The Kentucky warehouse sold 3 hogheads of burley at \$12.75 to \$14.75 and 19 hogheads of dark at \$4.85 to \$8.00.

The Income Tax.
Washington, May 6.—Only as the last expedient will President Taft favor the enactment of the income tax law. He stated his position to party callers in the last 24 hours.

Danderine

Grows Hair
and we can
PROVE IT!

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly long, strong and beautiful. It at once imparts a sparkling brilliancy and velvety softness to the hair, and a few weeks' use will cause new hair to sprout all over the scalp. Use it every day, for a short time, after which two or three times a week will be sufficient to complete whatever growth you desire.

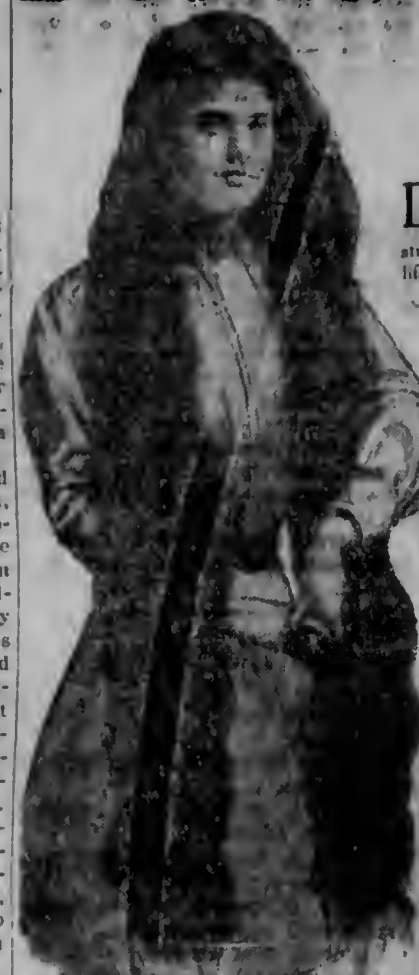

A lady from St. Paul writes in substance, as follows:
"When I began using Danderine my hair would not come to my shoulders and now it is away below my hips."

Another from Newark, N. J.:
"I have been using Danderine regularly. When first started to use it I had very thin hair, now I have the most beautiful and thick hair anyone would want."

NOW at all druggists in three sizes 25c, 50c and \$1.00 per bottle

Danderine enjoys a greater sale than any other hair preparation regardless of kind or brand, and it has a much greater sale than all of the other hair preparations in the world combined.

FREE To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDERINE CO., CHICAGO, ILL., with their name and address and 10c to silver or stamps to pay postage.

Grocery Burned.

Damage to the extent of about \$200 was done this morning by a fire in the grocery of Page Brothers, Fifth and Norton streets. The fire broke out about 12:15 o'clock in the rear of the store, where a stock of matches was stored. The fire gained considerable headway before it was discovered. The fire was in the roof and attic, but the stock was damaged by water. Losses companies Nos. 2 and 4 and truck company No. 4 answered the alarm.

Night Rider Trinis at Waverly.

Waverly, Tenn., May 6.—Testimony in the night rider trial today developed that the organization had a large membership; had regular officers, consisting of captains and lieutenants and that regular meetings were held. When a man was to be whipped a vote was taken. The number of blows to be inflicted also was decided and who did it. Each member of the band was designated by number.

PETER PURYEAR,
Notary Public McCracken Co.
My commission expires January 10, 1912.

Daily Thought.

The sight of success awakens envy in the minds of some people. Only the generous and noble can rejoice in the success of another as if it were their own.

Is it to be long park, Confederate Circle, or Tighman Place? The chair will entertain a motion.

Paducah thieves have abandoned the jewelry graft as unprofitable and are stealing precious flour and valuable loaves of bread.

The Kansas legislature has prohibited the sale or smoking of Turkish cigarettes in that state.

Won't those country papers ever get through talking about that convention? We town fellows sure took the country boys into camp that time, and they know it.

A thousand loads of trash collected from Paducah premises will never be missed. In some quarters there is a degree of cleanliness existing, which should continue, without the incentive of a gold watch. Some premises were cleaned because the city hauled away the trash. There are people, who must count every penny, and cannot afford to hire the trash hauled away. It would be wise, if the city could collect it for them all the time. There are people, who can afford it, and own vacant lots, who should be arraigned in police court and fined forthwith. Not only the eyes, but public health demands that the city be cleaned and kept clean the year around, and especially in the summer. Paducah is cleaner now than it ever was before in its history.

BREAD UPON THE WATERS.

It is significant that so soon after the high officials of the Illinois Central railroad were entertained at dinner by Paducah business men, the city was granted the right to construct a park on the unused property of the railroad on the river front, the shopping train from Central City to Paducah and return was put on, and the plea of the wholesalers for a morning train the other way heeded. Of course, this may have come up in the regular order of business and been considered as a cold blooded matter of fact proposition; but, maybe, they thought a town with as bustling, hospitable set of business men as Paducah showed herself to have that night, is entitled to consideration. Whatever may be the facts, the officials were charmed with their treatment here and they did grant Paducah what she asked for, and when they come back, there will be an added warmth to their welcome.

MORE ABOUT THE CONVENTION.

"The Paducah News-Democrat is nonplussed because a number of its country exchanges are outspoken in denunciation of the methods pursued in the Democratic convention at Paducah last week to defeat Judge Barry, of Benton, for state senator says the Clinton Gazette. The News-Democrat will find, if it will wake up that the country newspapers have departed from the role of dancing every time the party whip is popped over their heads. The Democratic party is

not so secure even in the Second senatorial district that it can safely pursue tactics which will cost its candidate votes at the general election. Stranger things have happened than the successful revolt of the people against unfair political methods in a district where "a nomination is equivalent to an election." Col. Mott Ayres can testify that even in the First legislative district a nomination is not always an assurance of election.

"The Arlington Courier, which is nothing if not frank and outspoken, dubbs the Second district senatorial convention at Paducah "a hold highway robbery." The Courier charges that Barry was robbed of a nomination which the people willed that he should have. That's the way it looks to us."—Clinton Gazette.

A local contemporary says of the fusion ticket in Livingston county, "The Democrats are 'laying' for this ticket."

We trust they are not counting their chickens before they are hatched.

Kentucky Kernels

Henderson county may build 15 new schools.

Governor Willson at office first time in six weeks.

Lexington pleased with manual training in schools.

Dr. Oscar Doyle, prominent dentist of Louisville, dies.

Mrs. J. H. Owsley, wife of former Graves road supervisor, dies.

Diamond thief snatched stick pin of Chief McNitt, of Mayfield.

Lindo Murphy, Mayfield bootlegger, gets \$262.50 and 70 days.

Dr. C. K. Crawford, professor of Hebrew at Presbyterian seminary, Louisville, resigns.

Name of Charles Henderson, indicted for election fraud last fall, voted twice in Lexington Democratic primary.

SOME STORIES

AROUND TOWN

It was a happy meeting yesterday at the Union station when Patrolman Tom Potter and James Smith, of Bowling Green, met for the first time in 30 years. Mr. Smith was on his way back to Bowling Green when he happened to catch sight of Patrolman Potter at the station. Smith and Potter were chums when boys at Bowling Green. Patrolman Potter asked Mr. Smith what kind of business he was in and Mr. Smith told him he was a state Sunday school worker. The answer almost took the big cop off his feet, but he replied, "I'll be darned if you ain't changed since I saw you last."

Enclosed in a cartou containing a bottle of bicycle oil, Radford Campbell, a messenger for the Western Union Telegraph company, found the following note: "Miss Ethel Barnea New Bedford, Mass. Answer care of general delivery." The note was wrapped around the bottle, and Campbell has complied with the request and has mailed a letter to the address. The oil was purchased from a local bicycle dealer, who has had the supply in his stock about six months. It will take the letter several days to reach the destination, but Campbell is hopeful of receiving an answer by next week.

Health Hints

The Great White Plague is responsible for the death of sixty of our citizens last year.

When house dust contains tubercle bacilli, or other germs of disease, they may remain alive for months, because they are shielded from sunlight.

You should know what the home life of every servant you employ, their sanitary surroundings, and family history are.

An abundant supply of pure, fresh air is the most powerful natural agent for the prevention of consumption. Disease germs, like the seed of a farmer plants, need a suitable soil and favorable condition for their growth, and there are no germs of which this is more certainly true than those of tuberculosis.

Living in poorly lighted, poorly ventilated or damp houses, unprotected from the invasion of the house fly by screens, should be avoided.

Inform yourself about the dairy that supplies you with milk, and how it is handled.

HEALTH DEPARTMENT.

Von Buelow to Quit Post.

Berlin, May 6.—Neur Gesellshaftliche correspondence, which has excellent official sources of information, announces that Chancellor Von Buelow intends to resign before the Whitsun recess unless the reforms plan of government is adopted. The emperor will return here May 23 and the chancellor will have an audience with him as soon as possible after that date, in order to hand in his resignation, which he will insist must be accepted.

Baelow's decision, it is understood, grows out of the action of the finance committee of the reichstag, which a few days ago voted in favor of taxing accrued values of real estate between one sale and another, as a substitute for the government's proposal of increased death duties, and showed opposition in other ways to the government tax plans.

"Morality" is your way of living my life.—March Smart Set.

HOW TO GROW FAT

A Lazy Stomach the Cause of Thinness, Nine Times in Ten.

If you are thin or lean, have a scrawny arms and neck, you can't grow fat unless your food properly digests.

People take on flesh in proportion to the nutritious matter which the organs of digestion absorb and pass into the blood.

Just as long as this nutritious matter passes along without being absorbed, just so long will you remain thin.

Perhaps your stomach, bowels and liver need a tonic. If your digestion is not perfect, Mi-o-na tablets will put it right at once.

Mi-o-na will cure indigestion and every conceivable ailment of the stomach promptly. It cures by building and toning up and not by encouraging a tired stomach to continue its shiftless and health destroying habits. It promptly drives away sour stomach; belching of gas, heaviness after eating.

Gilbert's drug store sells Mi-o-na for 50 cents a large box, and guarantees it to cure indigestion, sea and ear sickness, vomiting of pregnancy and all stomach diseases and distress, or money back.

Mi-o-na is sold by leading druggists everywhere.

HYOMEI
(MILK AND SALT)
Cures catarrh or money back. Just breathe this. Complete outfit, including inhaler, extra bottles 50c. Druggists.

WARSHIPS TO PROTECT SEALERS

May Be Sent to Bering Sea By Japan.

Victoria, B. C., May 6.—Japanese warships may be sent to Bering Sea to protect the sealers from Yokohama, Tokyo and other ports across the Pacific which flock to Bering Sea in great numbers each year. This is the news from authoritative source at Tokyo. A letter received here says: "In view of the fact that Japanese sealers are seized every year in and about Bering Sea on charges of poaching, the Japanese government is considering proposals to send warships there during the sealing season for the protection of sealers. This appears a somewhat dangerous proceeding likely to involve the risk of international trouble. The request for the sending of Japanese warships is being made by sealers' interests."

CATHOLIC KNIGHTS AND LADIES HONOR PASTOR.

At a meeting of Jansen branch of the Catholic Knights and Ladies of America on the evening of the fifth day of May, nineteen hundred and nine, the following resolutions were adopted.

Resolved, That with a feeling of inexpressible sadness and regret, we as members of Jansen branch, recognize our duty of submission to the good judgment of our most worthy and Reverend Bishop in the call and removal from us Father Jansen, our much esteemed and greatly revered spiritual adviser. Therefore he is

Resolved, That during the fifteen years' existence of the branch we have enjoyed the privilege of his kind influence and valuable counsel, he has won the love, respect and admiration of each and every member. Therefore realizing his beautiful priestly character, we with a spirit of love and deepest respect, commend him to his new parishioners with every confidence that our great loss is their gain, and begging for him the best of our Heavenly Father's blessings is the wish of all the members of Jansen Branch C. K. and L. of A.

Be it resolved that a copy of these lines be presented to our very Reverend Father, published in the C. K. and L. of A. Journal and placed on the minute book.

COMMITTEE.

BREAK WITH VENEZUELA ENDS.

New Minister From That Country Is Presented to President Taft.

Washington, May 6.—Pedro Rojas, the newly appointed minister from Venezuela, was presented to President Taft at the white house by Secretary Knox this afternoon. His recognition completes the formal re-establishment of diplomatic relations between Venezuela and the United States, broken off almost a year ago as a result of the refusal of President Castro to arbitrate disputes between the two countries. In presenting his credentials Minister Rojas brought expressions of good will from the president of Venezuela to President Taft, which were heartily reciprocated by Mr. Taft.

OUR PATRONS

Are more than pleased with our service. We give them the advantage of experienced, registered druggists, the largest stock in town, free delivery and we answer night calls.

R. W. Wacker
Druggists
5th & Broadway
N. E. corner, Night Call

To Fr. Jansen.

The Rev. Father H. W. Jansen left this noon for Louisville to enter on his priestly duties in St. Bridget's parish.

The Ladies' Auxiliary of St. Francis de Sales church after the services this morning presented to Father Jansen a framed memorial, containing his picture and the following verses:

"I go at the call of the Bishop,
My pleasure it is to obey;
Not mine to question the purpose,
This his hut to show me the way
Where best I may serve the 'Dear Master'

And gather the sheep for His fold;
My life to His service is sacred,
The laws of His Church I uphold.

"I leave you with sorrow at parting,
The half of my life has been here;
You ever have been most responsive,
You faithful have been, and are dear
To my heart; I shall evermore cherish
Your kindness, your truth and your worth;

My prayers for you daily I'll offer
While God bids me linger on earth."

We listened in dumb consternation
To words that were fraught with such woe,
Conveying to loved congregation
His orders, his purpose, to go—
And tears came unbidden to faces
With sorrow no words can ever tell;
Grief stricken the Church of St. Francis,
Father Jansen was bidding farewell.

For scenes of the past came before us—
The death-bed, the coffin, the grave,
The moments of life the most sacred
When his sweet benediction he gave.
He blessed the hearts pledged forever,
Our children baptized and prepared
For a place at the mystical table
Where Christ's sacred body is shared.

So prompt to respond to each duty,
So gentle, so saintly, so kind—
No wonder we loved him, for never
Was Angel more gracious of mind.
May God in His justice reward him
For all he has done for us here,
And bless him, and guide him and guard him
Till in Heaven his soul shall appear.

WELLMAN TO RENEW EFFORT TO REACH NORTH POLE.
Washington, May 6.—Walter Wellman announced that he will, this summer, renew his effort to reach the north pole by means of a dirigible balloon or airship. All the preparations have been made and Mr. Wellman will sail next week for Paris and Norway.

No change has been made in the general plan of the expedition, which is to assemble and inflate the airship at the headquarters station, Dane's Island, Spitzbergen, in June and July and to start thence northward through the air in August, provided the weather conditions make a start practicable with reasonable chance for success. The airship to be used is the America, which had a trial in a voyage about twenty miles at Spitzbergen a year ago last September.

TOBACCO BUYERS

ARE BUSY IN CALLOWAY COUNTY THIS WEEK.

Former Association Men Are Handling Weed as Independents Now.

Murray, Ky., May 6. (Special.)—In addition to John Jones, tobacco association salesman, who resigned his position to buy tobacco independently, a number of prize, one warehousemen and others who have been prominent in the association movement, are now buying tobacco in Calloway county.

Wednesday morning eight buyers left Murray on horseback for different sections of the county and reports they have sent in indicate that they are buying in large quantities, paying good prices.

The association officials apparently are making no effort to stay the tide of dumping and the end of the organization's existence in this county seems at hand.

Plants Are Backward.
While farmers are preparing ground for a large tobacco crop this year, there is general complaint that plants are backward and scarce and this fact probably causes buyers to offer better prices than the present market would justify.

Fusion in Livingston.
Smithland, Ky., May 6. (Special.)—Republicans and Democrats fused here in convention and nominated the following ticket for the county: William Bishop, for county judge; W. I. Champion, for county clerk; W. E. Ahell, circuit court clerk; B. F. Trimble, sheriff; L. T. Worren, jailer; Mr. Ferguson, county superintendent.

200,000 MEN ARE ON STRIKE.

Buenos Ayres Workers in Protest Against May-Day Killing.

Buenos Ayres, May 6.—It is calculated today that not less than 200,000 of the workmen of Buenos Ayres have gone out on the forty-eight hour strike organized by the Workmen's Federation, as a protest against the occurrences of last Saturday when, at the May day celebrations the people and the police in which a large number of persons were killed or wounded. No carriages were on the street today, and the few street cars running were guarded by soldiers. The theaters were almost empty last night because of the lack of transportation and many of them had to suspend their performances. The police have made a total of 600 arrests.

Plan for Summer Comfort

Don't add the heat of a kitchen fire to the sufficient discomfort of hot weather.
Use a New Perfection Wick Blue Flame Oil Cook-Stove and cook in comfort.

With a "New Perfection" Oil Stove the preparation of daily meals, or the big weekly "baking," is done without raising the temperature perceptibly above that of any other room in the house. Another great advantage of the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is its handsome CABINET TOP, which gives it every convenience of the modern steel range. Has an ample top shelf for warming plates and keeping cooked food hot, drop shelves for holding small cooking utensils, and is even fitted with racks for towels. Made in three sizes, and can be had with or without Cabinet Top. If not at your dealer's address our nearest agency.

The **Rayo Lamp** gives perfect combustion whether high or low—is therefore free from disagreeable odor and cannot smoke. Safe, convenient, ornamental—the ideal light. If not at your dealer's address our nearest agency.

pointed out as having been made for revenue purposes.
Aldrich stated that the lumber, sugar, tobacco and wool schedules were not increased over the rates of the Dingley law.
The finance committee also presented for the information of the senators a detailed statement giving an estimate of the reductions made by the senate bill in the duties of the present law. In connection with each article upon which a low duty has been placed the present rate as well as the proposed rate was to give an addition to the percentage of reduction in each case.

Aldrich's Defense.
Washington, May 6.—Statements were made to the senate by Senator Aldrich, representing the finance committee, and Senator Cullerson, minority leader, analyzing the tariff bill as it was reported to the senate and comparing it, as far as increases and reductions are concerned, with the Dingley law.

Senator Cullerson figured the decreases to be 356, increases 316 and the number of articles on which duties are unchanged 1,271. Aldrich made the reductions 379, but furnished no figures as to the number of increases made. He expressed surprise at the number of increases announced by Cullerson and declared that the statement must have been prepared "by a very wonderful man." Cullerson retorted that they were prepared by an expert from the treasury department, who is thoroughly competent.

The principal schedules on which there have been increases, according to Aldrich's summary of the higher duties of the senate bill, are agricultural products and various luxuries. Aldrich contended that the increases are largely on toilet preparations, were made for revenue purposes. The chief increase in the metal schedule, according to the summary, is the placing of zinc and antimony ore on the dutiable list and the advance of rates on the products of zinc in proportion.

In support of his contention that the increases are confined largely to the luxuries, Aldrich called attention to the advance in rates on ostrich and other feathers, articles of wearing apparel composed of fur, fancy manufacturers of leather, manufacturers of coral, cork and straw, and on novelties and for the finer fancy fabrics of linen. The increases in wine and silk schedules were also

President Thomas Here.
Mr. J. W. Thomas, president of the Nashville, Chattanooga & St. Louis railroad, accompanied by his daughter, Miss Thomas, were in the city last night and were the guests of Mr. and Mrs. W. J. Hills. President Thomas is making an inspection of the entire road, and he left this morning for Memphis. The trip was made on his special train, which was one of the nearest ever in Paducah. The engine was constructed mainly of brass and was so bright that it rivaled a large automobile. While in the city President Thomas announced that the location for the new Union station for Memphis had been selected, but the location of the site had not been made public. The station will cost \$3,000,000.

Woman's Club Reception at Club House.

The Woman's club is receiving this afternoon from 4 to 5 at the Woman's club house. The rooms are prettily decorated and dainty teas will be served. A number of invitations have been issued. The Executive Board of the club are the hostesses of the afternoon.

Matinee Musical Club Has Brilliant Program.

The Matinee Musical club carried out a Moscow program Wednesday afternoon at the Woman's club house. Mrs. John W. Little and Miss Letha Puryear were the leaders.

The program was attractively featured, each number being sympathetically interpreted.

Miss Lucille Blackard gave "Bolero" as a piano solo. Miss Mabel Shelton sang "Daffodils Were Blooming." Mrs. Vincent Salvo gave a piano solo, "Valse Brillant." An interesting paper was read by Miss Ella Wilhelm. Miss Jennie Gilson gave a piano solo, "Cerenato." Miss Hazel McCandless played a violin solo, "Intermezzo from Jodelyn." Shepherd's Tale, and "Too Young for Love," were sung by Miss Rogers. Mrs. Dickerson played "Love's Awakening," as a piano solo. A piano duet, "Spanish Dances," was played by Mrs. R. S. Robertson and Mrs. George B. Hart.

May Day Party at Park.

A May Day party will be given at Wallace park, May 7, from 2 to 5 o'clock Friday afternoon by the Junior league of the Broadway Methodist church. All the Sunday school and public school children of the city are especially invited to attend. Refreshments will be sold by the Juniors. The admission will be free. Miss Lettie Smith is the Junior league superintendent and has the May Day fete in charge. The program of the May party which will take place at the Casino promptly at 2:30 o'clock is:

Queen of the May—Miss Vivian Owens.

The Tempting Taste of Post Toasties

Has won the approval of an exacting public at home and abroad.

It is a crisp, delightful food made of the finest Indian Corn. Enjoyable at all meals, but particularly so for breakfast and supper.

"The Taste Lingers"

Popular pkg. 10c; Large Family size 15c

Sold by Grocers.

NOT HEREDITARY.

Baldness Due to a Living Minute Germ.

Many people, even into the present day of grace, consider baldness due to hereditary influence. Nothing is farther from the truth—Baldness is caused by the onslaught of a minute organism which secretes itself beneath the scalp and attacks the roots of the hair—causing it to lose its life and fall out.

This organism cannot be got rid of except by the free and persevering use of Newbro's Herpicide.

No matter how badly the scalp is effected the Dandruff surely disappears and hair health is restored when Herpicide is applied.

"Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. \$1.00 bottles guaranteed.—R. W. Walker Co., Special Agents.

Recitation—"We Eat Out On the Porch"—Ruth Shirley Johnson.
Vocal Solo—Selected—Katherine Williamson.

Reading—"The Yellow Dress"—Mary Genela Ballowe.

Vocal Solo—Miss Louise Coombs, Louisville, Ky.

Recitation—"May"—Mary Brown.

Reading—Selected—Irene Rose.

Pantomime—"Sent to Heaven"—Roberta Brown Ware, and Emma Bowyer.

Address—Rev. G. T. Sullivan.

Flower play (by request)—Mrs. Fannie Taylor's room of the Jefferson school.

Mite Society With Mrs. Belmont.

The Ladies' Mite society of the First Baptist church will meet Friday afternoon at 3 o'clock with Mrs. John W. Belmont, Glenwood, West Trimble street extended.

Thursday Night Club Will Meet Tonight.

The Thursday Night club will meet in the parlors of the Palmer House this evening at 8 o'clock. The program will be presented by Miss Helen Hills and Mr. Scholer.

C. W. B. M. Entertained By Mrs. W. H. Coleman.

The C. W. B. M. of the First Christian church was pleasantly entertained Wednesday afternoon by Mrs. W. H. Coleman. An entertaining program was carried out.

Miss Willis Entertains in Honor of Guest.

Miss Willie Willis is entertaining with a card party this afternoon at her home, 509 North Sixth street, in honor of Miss Marie Hodges, of Paragould, Ark., who is Miss Willis' house guest.

Surprise Wedding of Miss Katherine Brasher.

The following account from the Louisville Times of the marriage of Miss Katherine Brasher and Mr. Joel McPherson, of Madisonville, will prove of interest in Paducah, since the bride has been a frequent popular visitor to this city, as the guest of Mrs. William Wright:

"Taking their friends by surprise, Miss Katherine Brasher and Joel McPherson, both of Madisonville, left home Monday morning and went to Mt. Vernon, Ill., where they were married Monday afternoon. The ceremony was performed by the Rev. J. B. Foster, pastor of the Universalist church at that place, at the Mubay hotel. Leaving Madisonville Monday morning Miss Brasher and Mr. McPherson were accompanied to Mt. Vernon by Miss Allie Morton, Miss Mary Ruby Morton and Morton McPherson. Immediately following the ceremony they left for St. Louis, accompanied by the whole party. From St. Louis Mr. and Mrs. McPherson left for the west on their wedding tour and will be absent about two weeks.

John B. Brasher, the father of Mrs. McPherson, and W. C. Morton, an uncle of Mr. McPherson, are in Louisville for the races. They came up to see the Derby run, and it was just after the race was over that Mr. Brasher received the telegram announcing the marriage of his daughter.

"Mrs. McPherson is one of the most prominent society women in Western Kentucky. She is well known in Louisville, where she is a frequent visitor. She is the daughter of John B. Brasher, editor of the Madisonville Journal. Mr. McPherson is a member of a prominent family, being a grandson of the late John G. Morton, founder of Morton's bank, which, during his lifetime, was one of the principal banking institutions in the western part of the state. Mr. McPherson is well known in business circles, and is connected with the Kentucky Bank and Trust company at Madisonville. There was no objection on the part of the relatives of Mr. and Mrs. McPherson. They simply preferred to take their friends by surprise."

Mrs. Dorian's Poem.

The poem to Father Jansen that appears elsewhere in this paper today is from the versatile pen of Mrs. John J. Dorian. Mrs. Dorian is a clever writer and has contributed both poetry and prose to the Catholic press and to the local papers.

Mrs. M. E. Sevier, of Jackson, Tenn., is the guest of her daughter, Mrs. F. E. Lack, 905 Jefferson street.

NEWS OF COURTS

Suits Filed in Circuit Court.
Joseph Murphy, administrator, against J. S. Itagsdale for \$250 alleged due on a note.

George Houston against M. E. Gilbert for \$662.85 alleged due on a mortgage.

FAILS TO STEAL HER DAUGHTER.

Woman Makes Three Daring Attempts to Carry Off Little Girl.

Gary, Ind., May 6.—Several attempts to spirit away her 10-year-old daughter from Mr. and Mrs. E. Braddock, to whom she had given the child to adopt four months ago, were made by Mrs. Besale Odell, formerly of Chicago, but all failed. Learning that she was about to lose legal claim to her daughter through adoption by the Bradocks, Mrs. Odell made an attempt last night to climb into the Bradock house by the aid of a ladder. She called at the Gary schools and demanded the child from the teacher. When school was out the mother, waiting in an automobile, snatched up the child and was about to speed away when Officer Frank Martin and Mr. Braddock appeared. A struggle ensued after which Mr. Braddock gained possession of the little girl.

Notable Wedding.

Washington, D. C., May 6.—A wedding of interest in both diplomatic and naval circles was that of Miss Blanche Emory, daughter of Rear Admiral Emory, and Edmund Ovey, of the British embassy. Cardinal Gibbons officiated at the ceremony, which was performed at the home of the bride's father.

Sailors Are Safe.

Chicago, May 6.—Instead of drowning when they abandoned the steamer Batavia in last week's storm, six men of the crew are safe in Michigan, according to the crew of the steamer Sharples, which arrived at Gary, Ind. They say they rescued the men near Manitowish Island and landed them safely in Michigan after the storm.

General Strike Imminent.

Paris, May 6.—Headquarters of the general labor confederation unofficially stated today that a general strike throughout the whole of France is a question of only a few days, if the government continues the suspension of government employees for participation in the general movement towards unionism.

City Editor Ends Life.

Lynn, Mass., May 6.—Charles R. Cutts, city editor of the Daily Evening Item, took his life by drinking poison. The cause of his act is a mystery to his friends, for he was a man of sunny, jovial temperament, and attended to his newspaper duties. Mr. Cutts was 27 years old.

Big Fire in Ohio.

Newark, Ohio, May 6.—Fire destroyed a portion of the Wehrle stove works. Loss \$250,000.

Health and Beauty Hints

BY MRS. MAE MARTYN.

J. M. S.: No; I do not know of any means to increase the height. "How to grow tall" is beyond my knowledge. I advise you to quit worrying and be content to remain as you are. I am glad you like my shampoo recipe and I am sorry you had trouble in getting canthrox. I never mention an ingredient for any recipe that you cannot obtain in any first-class drug store without difficulty. If your druggist happens to be out of any article named he can easily obtain it from his wholesaler.

Anxious inquirer: Large pores and blackheads are frequently caused by use of face powders. Almozoin cream jelly (you can make it yourself) is the best remedy I know for clearing the skin of blackheads, large pores, certain types of pimples, etc. Put an ounce of almozoin in a fruit jar and add 1/2 pint of cold water and two teaspoonsful of glycerine, stir briskly for a few minutes and let stand until it becomes a thick cream jelly. For massaging, apply with the fingers and let remain for a minutes on the face, and then rub well with the hands. The dirt will in time roll off and the pores will be thoroughly cleansed. In cases of tan, freckles, chapped face, etc., apply and let remain for a few hours. It contains no fats or oils that will cause hair to grow, so you can use it as freely as you wish.

X. Y. Z.:—Free lotions or washes are to be preferred to ordinary face powders, but the manufactured brands are pretty expensive for every-day use. Your sallow, dark and oily skin can be made white and more youthful if you will use this recipe: To a half pint of hot water and two teaspoonsful of glycerine add 4 ounces of aprunax; let stand until cold. Apply to the hands and face with the palm of the hand and continue rubbing the skin where applied until dry. This is a complexion of beautifier that whitens the skin. It is also good for cold-sores.

Ellen R.: To keep your eyes bright and clear, use an eye tonic made by dissolving an ounce of crystals in a pint of water. This makes an eye tonic that is good for tired, weak or inflamed eyes. It will not smart or burn. It strengthens the sight, tends to make the eyes beautiful and lustrous, and is an aid to those who wear glasses. Apply by dropping one or two drops in each eye.

Grace J.: Your blood is out of order and the blotches on your face are probably caused by torpid liver. Get from your druggist 1 ounce of karsene and 1/2 pint of alcohol. To these add 1/2 tea cup of sugar and

put in 1 1/2 pints of boiling water. This will make a splendid blood tonic and liver invigorator and it is a good remedy for pimples, yellow blotches, sallow complexion, acrofula and all eruptions of the skin. Take 1 tablespoonful 5 minutes before each meal and before retiring. Keep outdoors as much as possible.

Robt. W.: You can make a fine quinine hair tonic as follows: To 1 ounce of quinine and 1/2 pint of alcohol and 1/2 pint of cold water; let stand until the quinine is dissolved. Rub in well until absorbed. This will remove dandruff, and stop falling hair, relieve itching scalp, keep the scalp in healthy condition, and promote the growth of hair. If used once or twice a week. Shampoo the hair twice a month. See answer to B. H.

B. B.: The best and cheapest shampoo I know of is made from pure, plain canthrox. Simply dissolve a teaspoonful of canthrox in a tea cup of hot water and stir well until all is dissolved; then proceed to shampoo by pouring it on the hair and rubbing well. This makes a fine lather and cleans the scalp, relieves irritation and makes the hair soft and fluffy—and such a shampoo costs less than one cent. See answer to Robt. W. for making a good hair tonic.

M. W.: It is true that exercising and dieting have brought about satisfactory results to many who considered themselves too fat, but if you are so situated that you cannot take exercise and find that dieting weakens you, I would advise you to try a simple mixture of parrotin and warm water. Put 4 ounces of parrotin in a pint of warm water and shake well until dissolved. When cold it is ready for use. Take a tablespoonful 3 times a day and just before meals. This is a harmless flesh reducer.

Mrs. L. I.: Yes, eczema is frequently caused by housework. Exposing the hands to hot water, the heat of the oven, or other changes of temperature brings about this affliction. A good remedy for eczema, tetter and other skin diseases is made by mixing 4 ounces of lube with 1/2 pint of water and 4 tablespoonfuls of alcohol. After shaking the bottle, pour a small quantity upon the rough and itching surface and allow it to dry, repeating the treatment several times each day until the irritation disappears and the skin is restored to a healthy condition.

I. G. M.: For unbroken chilblains rubbing with common table salt is one of the best remedies known. Add just enough water to make the salt damp.

Wonderful Shot.

They were telling how well they could shoot, and Tom Dawson recalled a duck hunt in which he had brought down five birds with one shot.

"Talk about shootin'," began Old Man Tilford; "I saw Jim Ferris do a mighty neat piece of work one day last week. His wife was pullin' out the washin' and she was complainin' about the pecky parrows makin' dirt marks on the damp clothes with their feet."

"They're thick as bees 'round here," says she. "There's seven of 'em sittin' on the clothes line this blessed minute."

"I'll fix 'em," says Jim, takin' down his shotgun, which he alius keeps loaded with fine birdshot. He

tiptoed to the door, took aim, and—"Killed every one of them sparrows," broke in Dawson.

"You're wrong," corrected Tilford, calmly; he never teased 'em, but when his wife took in the washin', she found she had three pairs of openwork stockin's and a fine peck-a-boo shirt-waist."—Success.

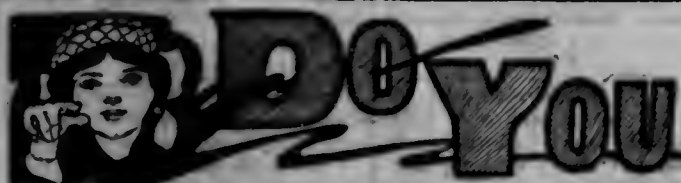

Sure of Himself.

The opposing candidate resorted to blows. Friends rushed in to separate them. Each struggled to get at the other. Candidate No. 1, seeing the extremely violent efforts of Candidate No. 2, cried out: "More of you men hold Swanson! One man can hold me!"—Everybody's Magazine.

WE EMBRACE THE OPPORTUNITY

To draw attention to our MOMAJA flour. Of all the high-grade flours, MOMAJA is the best as is evidenced by its increasing use among those who have tried other brands. Have your Grocer send you a sack in time for your next baking. Your husband will appreciate the BETTER bread, cake or pastry.

ALL DAIRYMEN COMBINE ON DEPOT

Plant Where Milk Can be Tested and Distributed.

Would Save Them Thousands of Dollars Each Year and Promote Health.

DEATHS EXCEED THE DEATHS

After an explanation of the benefits of a central milk depot, a majority of the dairymen, who attended the meeting of the board of health yesterday afternoon, favored its establishment. The benefits were explained to the dairymen by which they would be enabled to serve the citizens with a better quality of milk, and a higher price could be charged.

When the question was warmed up the dairymen were not backward about expressing their opinion, and nearly every dairymen was on his feet to seek information or to explain some evil of the present system of each dairymen peddling his own supply. No final action was taken by the board yesterday, as the object of the meeting was to get the dairymen together for a free discussion of the question. The dairymen, who attended the meeting, promised to talk with other dairymen, and try and induce them to agree to the establishment of the central depot.

The dairymen readily admitted that scarcely a dairy, supplying milk for the citizens of Paducah, is in a perfect sanitary condition, and that many dairies are without many of the modern sanitary arrangements for the protection of milk from germs. Especially did the dairymen condemn the privilege of letting farmers sell milk several times a week without paying a license, while the regular dairymen are required to pay a license.

The Milk Depot.

The advantage of having the milk depot was shown by Mayor Smith that the dairymen could save \$55,000 a year on the cost of delivering milk in the city. According to the figures given there are 60 milk wagons selling milk in the city, and the cost of repairs, horse-shoeing, and incidental expenses of delivering milk were given by the dairymen, while it was agreed that fifteen wagons, each with a section of the city to cover, could deliver milk to the entire city in less time. In addition to its cheapness, it was explained to the dairymen, that everybody's milk in the city would be required to be sent out through the central depot, and in this way there would not be any escape from the city license.

The dairymen's hours would be cut by the depot. As it is, the dairymen must be up and bustling by 3 o'clock in the morning, and soon is reached by the time he has sold his milk. In the afternoon he must prepare for the next day, and rarely is it before 8 o'clock at night that a dairymen finishes his day's labor. They could see the advantage of bringing the milk to the depot, and turning it over to the officials, who would deliver it to the

SHE QUIT

But It Was a Hard Pull.

It is hard to believe that coffee will put a person in such a condition as it did an Ohio woman. She tells her own story:

"I did not believe coffee caused my trouble, and frequently said I liked it so well I would not, nor could not quit drinking it, even if it took my life, but I was a miserable sufferer from heart trouble and nervous prostration for four years."

"I was scarcely able to be around at all. I had no energy and did not care for anything. Was emaciated and had constant pain around my heart until I thought I could not endure it. For months I never went to bed expecting to get up in the morning. I felt as though I was liable to die any time during the night."

"Frequently I had nervous chills and the least excitement would drive sleep away, and any little noise would upset me terribly. I was gradually getting worse until finally one time it came over me, and I asked myself what is the use of being sick all the time and buying medicine so that I could indulge myself in coffee?"

"So I thought I would see if I could quit drinking coffee and get some Postum to help me quit. I made it strictly according to directions and I want to tell you that change was the greatest step in my life. It was easy to quit coffee because I had the Postum which I like better than I like the old coffee."

"One by one the old troubles left, until now I am in splendid health, nerves steady, heart all right and the pain all gone. Never have any more nervous chills, don't take any medicine, can do all my housework and have done a great deal beside."

"My sister-in-law, who visited me this summer, had been an invalid for some time, much as I was. I got her to quit coffee and drink Postum. She gained five pounds in three weeks, and I never saw such a change in anyone's health."

"Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest."

customers, so the dairymen could return to his home and save several hours in time.

The high cost of feed has cut into the profits of the dairymen, and as some of them explained, it might require some time before the dairymen would be able to erect the depot. When the depot is erected the dairymen will be required to furnish a better quality of milk, which will be free from impurities, and consequently a higher price per gallon will be charged.

Dr. H. P. Sights, health officer, announced that Mrs. Crane, a sanitary expert of Michigan, would be in Paducah in a few weeks, and she will inspect the milk supply.

Garbage Disposal.

The contract for the disposal of garbage expired May 1, and it has not been renewed. The board decided to advertise for bids, and let the contract to the best and lowest bidder.

The members present were: Dr. C. H. Brothers, president; J. P. Sloth, secretary; Dr. Sights and Mayor Smith. Mr. W. F. Bradshaw, Jr., was the absentee.

Health Report.

The report of Dr. Sights was: "The health department for the month of April has been very active, as a great effort was made to drain all pools and gutters to forestall flies and mosquitoes. We have had no smallpox, but one case of diphtheria and one scarlet fever. I instructed the inspectors to require all rain barrels and garbage cans to be screened on top to keep the flies from breeding."

"The high reports from midwives have been reported promptly during the month. The physicians reported tuberculosis cases very promptly and every case reported has been fumigated."

"The drainage of territory around the Hinkleville road near the city limits is contemplated by the city and county officials, and is a very important step as a sanitary measure."

"I am anxious that the board of health become interested in the organization of public meetings for instructions about the dangers of tuberculosis."

"During April there were 25 deaths and 42 births. Infectious diseases were: Scarlet fever one; diphtheria, one."

"There is an unsanitary condition on Broadway, which exists in the storm water sewer, that should be looked after at once."

"I think this board should take some action in regard to sore eyes among the school children."

"I desire to say to this board that the board of public works deserves a vote of thanks for its prompt aid to your health officer during the month."

A vote of thanks to the board of public works followed.

JAP QUESTION

(Continued from First page.)

settles in Massachusetts, in the old country. Japan would certainly object to the incoming mass of American farmers, laborers and small traders; indeed the Japanese would object to this at least as strongly as the men of the Pacific coast and Rocky mountains object to the incoming mass of the Japanese workmen, agriculture laborers and men engaged in small trades. The Japanese certainly object to Americans acquiring land in Japan as much as the Americans of the far western states object to the Japanese acquiring land on our soil. The Americans who go to Japan and the Japanese who come to America should be of the same general class—that is, they should be travelers, students, teachers, scientific investigators, men engaged in international business; men journeying in the land for pleasure or study. . . . It is against the interest of both nations that such unrestricted immigration or settlement in Massachusetts should be allowed as regards either nation. This is a cardinal fact in the situation, it should be recognized by both countries. . . . That in achieving this policy we should bear steadily in mind that it is our duty to combine the maximum of efficiency with the

The First Dose

Quick Relief

"The first dose of Cardui I took," writes Mrs. Fannie Rogers, of Pages Mills, S. C., "brought relief. I continued taking it and can truthfully testify that it is worth its weight in gold. I cannot find words to describe my symptoms before I began to take Cardui. I was so weak and nervous and the doctor could only give me temporary relief. When I discontinued his

SEVENTH GRADE PUPILS INTERESTED IN ENGINES.

The children of the seventh grade division of Mrs. P. C. Liddra visited the Illinois Central shops yesterday afternoon to see the steam engines in operation. Mr. J. H. Nash, the master mechanic, extended the pupils every courtesy, and explained the general principles of the engines. An hour was spent in viewing the locomotives. May 14 the children have been invited by Captain Owen, of the ferry Little Owen, to make the round trip on the boat. The children will make the trip in the engine room, and will compare the marine machinery with locomotives.

CHAPTER XI.

WHERE THE PATH LED.

AND now began a new era for Plambeau—an era of industry such as the frontier town had never known. The woods behind, ranging with the resounding discord of axes and saws and crashing timber, and new cabins appeared on every hand, rising in a day.

A dozen tents were pitched on Lee's discovery claim, for the owner had been besieged by men who clamored to lease a part of his ground, and, yielding finally, he had allotted to each of them a hundred feet. Forthwith they set about opening their portions, for the ground was shallow and the gold so near the surface that winter would interfere with its extraction, wherefore they made haste. The owner overtook them all, complacent in the certainty of a steady royalty accruing from the working of his allotments.

Burrell sought Neel in an early day and, in presence of her father, told

One of her tenters came to show her and Poleon a bag of dust.

her that he had been approached by men who wished to lease the claims he held for her. It would prove an expensive way to develop her holdings, he said, and she would run no risks. Moreover, it would be rapid and insure a quick return, for a lease as near to proved territory was in great demand. After some discussion this was arranged, and Meade as trustee allotted her ground in tracts, as Lee had done. Poleon followed suit, but the trader chose to prospect his own claims and to that end called in a train of stiff backed Indian packers, moved a substantial outfit to the creek and thereafter spent much of his time in the hills, leaving the store to Dorot. He seemed anxious to get away from the camp and hide himself in the woods. Struck was almost constantly occupied at his saloon, for it was a mist and ran day and night. Runyon was busy with the erection of a substantial structure of squared logs, larger than the trading post, destined as a dance hall, theater and gambling house.

Burrell entered into a season of penance and flagellation of spirit, lightened only by the moments when he was with Neela and when he made him forget all else. This damnable decision goaded him to self contempt. He despised himself for his weakness. His social instincts and training, his sense of duty and the amenities of life that proud men hold dear tugged steadily, untiringly at his reason, while the little imp of impulse sat grinning wickedly, ready to pop out and upset all his high resolutions.

It was on a heavenly day, spiced with the faintest hint of autumn, that Neela received the news of her good fortune. One of her tenters came into the post to show her and Poleon a bag of dust. He and his partner had found the pay streak finally, and he had come to notify her that it gave promise of being very rich, and now that its location was demonstrated no doubt the other "laymen" would have it within a fortnight. As all of them were ready to begin staking as soon as the ground could be stripped, undoubtedly they would be able to take out a substantial strike before winter

Delicious Ice Cream Flavors

sealed and the first frost closed them down.

She took the news quietly, but with shining eyes, though her pleasure was no greater or more genuine than Poleon's, who grasped both her hands in his and shouted gleefully:

"Bless! I'm glad! You'll be richer for sure now and wear plaidie fine dress lak I fetch you. Jus' tink, you fu' got on your place more quecker dan your fndar, an' he's good miner too. Ha! Dat's bully!"

"Oh, well, they will find it on your claims very soon," she replied.

He shook his head. "You better knock wood when you say dat. Mebbe I draw de blink again. N-body can't tell. I've do de sam' ting before, an' dese men wat been workin' my groun' dey're gettin' party blue."

"When you do become a Plambeau king," she continued, "what will you do with yourself? Surely you won't continue that search for your far country. It could never be so beautiful as this."

She pointed to the river that never changed and yet was never the same and to the forests, nightly tinged with the signs of the coming season.

"It's very fine," agreed the Canadian. "I don't see why anybody would care for livin' on dem cilles when dere's so much nice place outside."

"Yes," said Neel, "I've no doubt one would get tired of it soon and long for something to do and something really worth while, but I should like to try it once, and I shall as soon as I'm rich enough. Won't you come along?"

"I don't know," he said thoughtfully. "Mebbe so I stay here, mebbe so I lak my canoe an' go away. For long tan' I tink dis Plambeau shela de promise lan' I hear callin' to me, but I don't know yet for wile."

"What kind of place is that land of yours, Poleon?"

"Ha! I never see 'im, but she's been cryin' to me ever since I'm little boy. It's a place where I don't get too hot on de summer an' too cool on de winter; it's place where birds sing an' flowers blossom an' de sun shine an' where I can sleep widout dreamin' 'bout it all de time."

(To be continued in next issue.)

BASEBALL WAR

AMERICAN ASSOCIATION MAY INVADE CHICAGO.

Eastern League Not So Belligerent, But It Is in the Combination.

Chicago, May 6.—That another baseball war is anticipated by close followers of the politics of the national pastime in the announcement of the national commission that the revised national agreement as framed to suit the American Association and the Eastern League has been shrouded through the failure of these two leagues to sign the instrument within the time limit set, is asserted by the Daily News.

This newspaper says: "That the American Association is actively but secretly trying to arrange for an invasion of Chicago, thus bringing about another baseball war, is the opinion of many leaders of the two major leagues."

"The Eastern League is not so aggressive as the American Association, but it is generally believed the western leaders have the magnates of the Eastern League well in hand, and that whatever the American Association decides to put through will have the support of the Eastern League."

The Daily News recites the action of last winter, which gave these two leagues a special rating with the privilege of drafting from Class A and other minor leagues, and continues:

"Now comes the announcement from Cincinnati that these two organizations have fallen in their part of the agreement and the whole thing is off, leaving all minor leagues in the same position they occupied last year—the American Association and the Eastern League fall back to a classification."

Play Ball Is Game at Present.

Milwaukee, Wis., May 6.—President J. D. O'Brien, of the American Association of Baseball clubs, refused to make a statement regarding the action of the National Baseball commission setting aside the revised national agreement drafted in January last. "We are too busy catering to the baseball public," said President O'Brien today. "This is no time to meddle with the politics of the game."

For Commission Plan of City Government by Vote of 43 to 2 With Senator Potter Voting "No."

DEEP WATERWAYS BILL NEXT.

Springfield, Ill., May 6.—The senate by a vote of 43 to 2 passed the bill authorizing cities to adopt the commission form of government, and providing for the form of government by commission. Potter and Hall voted "no."

Saloon License Bill.

Senator Landee offered an amendment to his bill which fixes saloon licenses in the state at \$1,000 instead of \$500, as at present, and provides that \$800 of the amount shall go to the city and \$200 to the county. The amendment provides that the question shall be submitted to a referendum vote of the voters of the county on a petition of five per cent of the legal voters.

The amendment was made because of the opposition to the bill from the Cook county senators. Humphreys wants the petition to be signed by twenty-five per cent of the voters. The amendments will come up for voting tomorrow morning.

Senator Licensa's bill placing the express companies in the state under the control of the railroad and warehouse commission was passed. It was killed in the committee at the last session.

Regarding Deep Waterways.

McKenzie offered amendments to the deep waterways bill providing for seven commissioners instead of five, to be appointed one from each supreme judicial district, for the placing of the attorney of the commission under the direction of the attorney general, who shall appoint him. The bill was made a special order.

The house spent the morning listening to a talk from Congressman Lorimer on deep waterways. He said that government cooperation would be necessary.

Senator Henson offered a resolution that a committee be appointed to investigate the game warden department, saying he heard that a large number of game wardens drew pay, but did no work.

Senator Potter offered a resolution for the appointment of a committee to investigate the charges made by Mrs. Carrie Alexander, trustee of the University of Illinois, and others, that funds had not been applied by the trustees to the object for which they were intended and that the faculty were being paid exorbitant salaries. Both resolutions will be acted on tomorrow.

Notice to Contractors.

Bids will be received at the office of the city engineer at 3 o'clock on Saturday afternoon, May 8, 1909, for the construction of a two-story brick vault, as per plans and specifications on file in the city engineer's office.

L. A. WASHINGTON,
City Engineer.

S.S.S. OLDEST AND BEST BLOOD PURIFIER

We have never claimed that S. S. S. was a medicine to work wonders, nor one that would cure every physical ailment or disorder. More than forty years ago it was placed on the market and recommended as a blood purifier, and today, after a long and successful career, and when its use has become almost universal, only the same honest claim is made for it—that it is a cure for those diseases and disorders arising from an impure or polluted blood. Time makes no mistakes, and the very best recommendation of S. S. S. is the fact that it has stood a long test and is now more generally used, and has the confidence of a greater number of people than any other blood medicine.

The blood is the most vital force of life; every organ, nerve, muscle, tissue and sinew of the body is dependent on it for nourishment and strength, and as it circulates through the system, pure and rich, it furnishes to these different members the healthful properties needed to preserve them and enable them to perform their various duties. So long as the blood remains free from infection we are apt to escape disease, but any impurity, humor or poison acts injuriously on the system and affects the general health.

Pustular eruptions, pimples, rashes, and the various skin affections, show that the blood is in a feverish condition as a result of some humor, or the presence of an irritating, fiery acid. Rheumatism comes from an excess of uric acid in the circulation, while Catarrh, Sores and Ulcers, Scrofula and Contagious Blood Poison, are all deep-seated blood disorders that will continue to grow worse as long as the cause remains. Bad blood may come from various causes, such as a sluggish condition of the system, imperfect bowel and kidney action, indigestion, etc., or the trouble may be inherited; but whatever the cause the blood must be purified before the body can be healthy.

S. S. S. is a natural blood purifier and tonic. It is made entirely of the harmless juices and extracts of roots, herbs and barks of recognized curative ability, and being free from all harmful minerals is an absolutely safe medicine for young or old. S. S. S. goes down into the circulation and removes any and every trace of impurity, humor or poison. It freshens and enriches the blood and cures promptly and permanently Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Skin Diseases, Contagious Blood Poison, and all other blood disorders. S. S. S. is the most reliable and at the same time a most pleasant acting medicine for those whose blood has become weak and who are suffering with Anaemia, Malaria or some other debilitating sickness.

A blood purifier is especially needed in the Spring to cleanse the circulation of the impurities which have accumulated during the shut-in life of Winter, and S. S. S. is the most reliable and certain of good results. Book on the blood and medical advice free. S. S. S. is for sale at all drug stores. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

SALE NOTICE IN ADMIRALTY.
Paducah Marine Railway Co. et al. vs. Steamer City of Memphis.

Pursuant to an order of the United States District court, for the Western District of Kentucky, at Paducah, entered on the 28th day of April, 1909, in the above styled action, I will on the 10th day of May, 1909, at 10 o'clock a. m., at the port of Paducah, Ky., sell to the highest and best bidder for one-half cash in hand, the balance on a credit of three months, with interest at 6 per cent from date of sale until paid, the purchaser to give bond payable to the clerk of this court at Paducah, for the deferred payment, with good

and approved security, having the force and effect of a replevin bond at law, in addition to its being a bond in admiralty, but the purchaser, may if he choose to do so, pay the entire purchase price in cash, the steamer City of Memphis, her engines, tackle, apparel, furniture, etc., to satisfy the claims in this action. GEO. W. LONG, U. S. M. W. K. D. By Elwood Neel, deputy.

"See here; that horse you sold me runs away, kicks, bites, strikes and tries to tear down the stable at night. You told me that if I got him once I wouldn't part with him for \$1,000."

"Well, you won't."—Lutheran Ob- for the deferred payment, with good server.

HOSE (the garden variety) in all grades, including "ELECTRIC," best made. Nozzles, Lawn Sprays, all sprinkling appurtenances. Hose repairs made while you wait. : : : :

Guthrie Economies

Pretty new Dress or Apron Gingham, in all colors, choice assortment of styles, 8c and 10c qualities, per yard **5c**

CONSERVATION

WILL BE GIVEN CONSIDERATION IN TIME.

President Taft As Much Interested in Question as Roosevelt.

(United Press.)

Washington, May 6.—As soon as the weather permits, experts from the geological survey will start from Washington for the mountain fastnesses of the west to explore high peaks, defiles and canyons in a search of all the water power sites available on the public domain.

This will be done in accordance with the order issued a few days ago by Secretary Ballinger at the direction of President Taft, who has announced that he will do all in his power to continue the Roosevelt policy for the conservation of natural resources. It will be a concerted effort on the part of the government to obtain information as to the operations of the alleged water-power trust and to present this information to congress in such a shape that a law can be enacted for the proper regulation of such sites.

Secretary Ballinger's order excited much interest here where the devotees of the Roosevelt conservation idea have been watching every move of the government to learn where the present administration stands on that all-important subject. The recent restoration of great tracts of land that had been withdrawn by President Roosevelt for the purpose of conservation had been a topic for discussion all week, until Taft issued a statement through Chief Forester Pinchot that he believed in conservation. Then came the announcement that the interior department was going to carry out the Roosevelt policy.

The apparent discrepancy between this announcement of policy and the action of the secretary of the interior in restoring to entry the power site withdrawals is explained by the administration by stating that the land should not have been withdrawn until the department knew that it was valuable for power site purposes. It is claimed that there is no special knowledge about these lands but that they were withdrawn pending examination. Ballinger says he will do his examining of the lands first and the withdrawing afterwards. When he has the information he seeks he will present it to congress with the Taft idea of the conservation of water power sites.

Whether the Taft bill will be the same as that recommended by Roosevelt in several of his messages in which he denounced the water power trust, it is impossible to learn. Government officials say that they want to know conditions before they make any statement as to the contemplated legislation.

The present administration is proceeding on the theory that if congress wants to conserve the water power sites of the public domain, it must pass a law. The lands thus valuable will be withdrawn from entry as fast as they are classified, but if congress fails to pass a conservation law, it will be taken as an indication that the law-makers of the country want the power sites treated as any other public land, and the land will be immediately restored to entry again.

Try the Sun for Job Work.

EPWORTH LEAGUE WILL MEET AT UNION CITY.

Program for the third annual session of the Epworth Leagues of the Memphis conference, to be held at Union City, Tenn., May 13 to 16, 1909, has been received here.

Paducah Methodism is represented by Mrs. Fannie B. Taylor, of Broadway, and Mrs. Eva J. Washburn, of Fountain avenue. Mrs. Taylor will discuss "The Charity and Help Department" and Mrs. Washburn will speak on the Junior League work.

A number of people well known in Paducah are on the program. Among them are: Judge L. H. Estes and Miss Ruth Estes, of Memphis; Mrs. Grace Williams Robins, of McKenzie; Tenn.; Mr. Perry M. Porter, of Clinton. The pastor and presiding elder at Union City, who are hosts of the conference, are former Paducah pastors, the Rev. W. C. Sellers and the Rev. J. G. Clarke.

Notice.

Certificate of deposit numbered 8191, issued by the Citizens Savings bank on Nov. 2, 1908, for one thousand dollars, has been lost and application has been made for duplicate of same. All persons are warned against negotiating for the original as payment has been stopped on same. B. T. Milliken, May 6, 1909.

The Man Himself.

A lady employing a colored man asked him his name.
"Mah name is Poe, mah'am."
"Poe? Perhaps some of your family worked for Edgar Allan Poe."
The darky's eyes opened wide with great surprise.
"Why—" he gasped, pointing a dusky forefinger to himself, "why, Ah am Edgar Allan Poe!"—Everybody's Magazine.

The Hosmer took a barge of coal to Cairo for the Russell Lord towing Ayer & Lord ties from White river to St. Louis.

The Evening Sun—10c a Week.

CONFERENCE COMMITTEE HAS NOT MET WITH JUDGE.

Many inquiries are being made as to when the hospital, sewer and sanitary committee of the general council intends to confer with County Judge Lightfoot in regard to the draining of the northwestern part of the city, commencing at Oak Grove cemetery. The county proposes to join with the city in draining that section into Perkins' creek and the matter was referred to the committee to confer with the county and report back.

Former Congressman Dies. Detroit, Mich., May 6.—Former Congressman William Maybury died at his home here today. The cause of his sudden relapse was uremic poisoning.
